

Ultra Slim

AQUAEL

A Spectrum of Opportunities

Ultra Slim is an aquarium **LED lamp** designed for all types of open tanks. **High luminous performance and modern design** are the highlights of the product. Minimalistic and visually light. It illuminates the aquarium and creates an atmospheric ambience in the room.

Ultra Slim

2 mounting methods

above the tank

on the tank

Ultra slim

0.67 in

- universal – **for freshwater and marine tanks**, suitable for different aquarium lengths, including custom ones
- **easy to install** – the kit includes the components necessary to mount the lamp on the edges of the aquarium and to suspend it above
- carefully selected light spectrum for the proper growth of animals and plants
- **quiet** operation thanks to passive cooling technology
- available in **3 sizes**: 11.8 in, 23.6 in and 35.4 in;
- **efficient** – high-efficiency LEDs >130 lm/W
- **safe** – powered by a safe voltage of 24 V that poses no threat to human life and health. It also remains safe in the case of short-term immersion in water (IPX7 protection rating).
- **modern design** – flat luminaire made of brushed aluminium gives the lamp an original, minimalist style
